

Flooded Range F04

Eternity Technologies offers a wide range of reliable and strong batteries for light traction applications. The low-maintenance range F04 Flooded Batteries is suitable for light to heavy cyclic applications; depending on range.

Cycles F04: 300 (DIN EN 60254-1) (IEC 254-1)

Bloc battery with grid/grid technology for light to medium applications

Capacity: 40–200 (C₅)

Recyclable

Part of our Bloc Batteries range

Applications

Mobile lifting platforms

Cleaning machines

Golf carts

Motive power applications, e. g. pallet trucks

Universal for leisure applications

Type	Voltage	Capacity Ah C ₅	Capacity Ah C ₂₀	Length (mm)	Width (mm)	Height (mm)	Weight (kg)	Terminal
F04 06 2001	6	200	240	244	190	275	31.5	A
F04 12 040	12	40	50	211	175	190	14.0	A
F04 12 050	12	50	60	246	175	190	17.0	A
F04 12 060	12	60	80	278	175	190	20.0	A
F04 12 0801	12	80	100	353	175	190	25.0	A
F04 12 0802	12	80	105	348	175	239	30.0	A
F04 12 110	12	110	125	349	175	289	33.0	A
F04 12 105	12	105	135	513	189	223	40.0	A
